Complainant: Mary E Galinas
Licensee(s): Vito Dipierro SAL.2002013310

Dear Mr. Dipierro:

The Division of Real Estate & Professional Licensing has completed its investigation in the above-referenced matter. This investigation did not disclose reasonable and substantial evidence to prove a violation of Chapter 4735 of the Ohio Revised Code. Therefore, the Division will take no further action on the complaint and the file will be closed.

The complainant may, however, request that the Ohio Real Estate Commission review the determination to close this case. If a request for reconsideration is filed, the Commission will conduct its review at its next regularly scheduled meeting not sooner than fifteen (15) business days after the request is filed. The Ohio Real Estate Commission will only hear the testimony of the complainant and licensee at this meeting upon their request. If the Commission determines that reasonable and substantial evidence of a violation does exist, it will remand this matter for a formal hearing. Otherwise, the file will remain closed.

If you have questions regarding these procedures, please contact Sheila Vitale, Legal Counsel, at (614) 466-6075.

Sincerely,

A handwritten signature in blue ink, reading "Anne M. Petit", is positioned above the typed name.
